

CITY OF EDMONDS

121 5TH AVENUE NORTH, EDMONDS, WA 98020 (425) 771-0220

WAC 197-11-970 Determination of Nonsignificance (DNS)

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: The Shoreline Management Act requires each SMP be reviewed and revised, if needed, on an eight-year schedule established by the Legislature. The City of Edmonds' periodic review must be completed by June 30, 2019. The periodic review ensures the SMP stays current with changes in laws and rules, remains consistent with other City of Edmonds' plans and regulations, and is responsive to changed circumstances, new information and improved data. Ecology developed a Periodic Review Checklist in order to provide some guidance to jurisdictions conducting their periodic reviews. The checklist summarizes amendments to state law, rules and applicable updated guidance adopted between 2007 and 2017 that may trigger the need for local SMP amendments during periodic review. Staff has reviewed and completed the periodic review checklist identifying provisions within the SMP that require updating.

In addition to the statutory and regulatory amendments identified in the checklist, staff added the Other Review Elements section to the end of Ecology's checklist to identify a couple of other items that may be amended with this periodic update. A site specific study of the Edmonds Marsh is being undertaken by the City of Edmonds and information from this study is providing an amendment to the Shoreline Inventory and Characterization document with current information on the Edmonds Marsh. Additionally, staff identified section ECDC 24.80.100 for process clarifications on how a shoreline substantial development review may move from a staff decision process (Type II) to a public hearing process (Type III).

The proposed Shoreline Master Program is a non-project action that affects activities and developments within the City of Edmonds' shoreline jurisdiction.

Proponent: CITY OF EDMONDS

Location of proposal, including street address if any: Shoreline jurisdiction within the City of Edmonds.

Lead agency: CITY OF EDMONDS

The lead agency has determined that the requirements for environmental analysis and protection have been adequately addressed in the development regulations and comprehensive plan adopted under chapter 36.70A RCW, and in other applicable local, state, or federal laws or rules, as provided by RCW 43.21C.240 and WAC 197-11-158 and/or mitigating measures have been applied that ensure no significant adverse impacts will be created.

An environmental impact statement is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

There is no comment period for this DNS.

XX This DNS is issued under 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date below. Comments must be submitted by **December 3, 2018**.
